

INSTALLATION INSTRUCTIONS

Solid Surface Wall Panel

◆ General Information

Please inspect the product immediately upon receipt for transit damage, missing packs/parts or manufacturing fault. Damage reported later cannot be accepted. Please handle the product with care avoiding knocks and shock loading to all sides and edges of the glass.

Notes: Safety glass can not be re-worked.

Please read these instructions carefully before start of installation.

Special care should be taken when drilling walls to avoid hidden pipes or electrical cables.

Note: This product is heavy and may require two people to install.

Aftercare instructions

After use, your shower should be cleaned with soap and water, This is particularly important in hard water districts where insoluble lime salts may be deposited and allowed to build up.

Cleaners of a gritty or abrasive nature should not be used, Care should be taken to avoid contact with strong chemicals such as organic solvents and strippers.

Glass cleaners can be used but with caution, if in doubt contact the manufacturer of the cleaner in question.

Please keep these instructions for aftercare and customer service details.

This installation guide uses the shower base as the foundation. Adjust according to individual needs.

◆ Instructions de pose

Panneau mural en solid surface Informations générales

Veuillez inspecter le produit dès sa réception pour vérifier qu'il n'a pas été endommagé pendant le transport, qu'il ne manque pas d'emballage ou de pièces et qu'il n'y a pas de défaut de fabrication. Manipulez le produit avec précaution en évitant les coups et les chocs sur tous les côtés et les bords du verre.

Remarques : Le verre de sécurité ne peut pas être retravaillé.

Veuillez lire attentivement ces instructions avant de commencer l'installation.

Une attention particulière doit être portée lors du perçage des murs afin d'éviter que des tuyaux ou des câbles électriques ne soient cachés.

Note : Ce produit est lourd et peut nécessiter l'intervention de deux personnes pour son installation.

Instructions d'entretien

Après utilisation, votre douche doit être nettoyée avec de l'eau et du savon. Ceci est particulièrement important dans les régions où l'eau est dure et où des sels de chaux insolubles peuvent se déposer et s'accumuler.

Il convient d'éviter tout contact avec des produits chimiques puissants tels que les solvants organiques et les décapants.

Les nettoyeurs pour vitres peuvent être utilisés mais avec précaution. En cas de doute, contactez le fabricant du nettoyeur en question.

Conservez ces instructions pour le service après-vente et le service clientèle.
